

91 Project
Date: March 15, 2017
CONSTRUCTION ALERT

[Anuncio en español](#)

**REMINDER: Westbound and Eastbound 91
Lane and Ramp Closures through Corona
March 10 - March 20, 2017
New 91 Express Lanes and General Purpose Lanes to
Open Morning of March 20, 2017**

As part of the Riverside County Transportation Commission's (RCTC) 91 Project, crews are working day and night continuously in preparation for the new 91 Express Lanes and general purpose lanes opening in Corona on Monday, March 20, 2017. Westbound lanes are planned to open by 4 am, and eastbound lanes are planned to open by 5 am on March 20.

Multiple lanes and ramps on eastbound and westbound 91 are closed this week through Corona. The westbound 91 carpool lane also is closed, so motorists should expect heavier than usual travel delays, especially during the morning commute hours. While the 91 will not be closed fully during this time, motorists should expect delays of at least one hour when driving eastbound on the 91 through the project limits on March 19. Motorists are encouraged to avoid the area by using State Route 57 and State Route 60 as alternate routes or to travel via Metrolink. Allow extra travel time and check real-time traffic information using IE511.org.

Although the new lanes will open on March 20, construction work will be ongoing until the fall, with periodic closures required.

For questions about the 91 Project in Riverside County, please call the helpline or visit the website noted below. Thank you for your patience and understanding.
